THE SELFISH AND GREEDY HIPPO (απλοποιημένη αφήγηση)

This is a hippo, a *greedy* hippo. He eats *all* the food: cheese, chips, cake ...He's selfish, too! He eats the cat's food, the dog's food, the cow's food ...The animals don't like him. The cat says: 'He's very greedy!' The cow says: 'He's very selfish!'

One day, he jumps into the lake. Splash! ... Oh, no! He can't move! He's stuck!

He shouts: 'Help! Please help!'

The animals help the hippo. They pull, and pull, and pull. Out he jumps, runs and eats all the food on the table!!!

Now the animals are very angry. They say: 'Let's play a trick! Yes, let's make a pie from fish and soap!'

Hippo says: 'Oh, what a nice pie!' The cat says: 'Eat it hippo! It's for you.'

So, Hippo eats all the pie. 'Mmm', he says, and he jumps into the lake again. But, oh no! He has a tummy ache! He says: 'Oh, dear! Oh! My tummy, my tummy! What's this? Bubbles?'

The cat, the dog and the cow are very happy! They say: 'Ha. Ha! Look at Hippo and the bubbles! He's so funny!' The cow says: 'Well done, my friends!'

Hippo is sad now. He goes away. Goodbye!
