

# Fast Fashion

**Read the text below and decide whether the following sentences are True or False:**

Fast fashion refers to trendy clothing that is made with inferior materials and is coming in and out of style very quickly. It is said that fast fashion came out from the need for cheap and easy to find and wear clothing items, but the truth is that this need is created on purpose by the fast fashion retailers because all these brands are very profitable. They use advertising to stay relevant and further promote their constant changing trends.

Teenagers are the biggest fast fashion customers due to the fact that change is part of their way of thinking and life in general. As a result, they spend most of their pocket money to stay in fashion and they often get bullied if they do not conform to the laws of fast fashion.

1. Fast fashion clothes are of very high quality.
2. Fast fashion clothes are always in fashion.
3. The need to buy new clothes in order to be trendy is fake.
4. Teens do not care about fast fashion.
5. If a teenager does not wear fast fashion clothes they often receive bad comments.
